Public Health Agency of Canada (PHAC) Requirements

Dear Customer,

In an effort to control the import of infectious substances, the Public Health Agency of Canada (PHAC) had imposed NEW Regulations on the importer (Pulse Scientific Inc.) and on the End-User of these infectious substances (Customers of Pulse Scientific).

Pulse Scientific Inc. is required to request our customers to sign the following documents. Only the Import Conditions Letter is to be returned to Pulse Scientific. PHAC Checklist and Waiver Form need to be returned to PHAC directly. The explanation below should clarify these documents.

Documents	Source	Return To
PHAC Checklist	Download from: http://www.phac-aspc.gc.ca/ols-bsl/containment/pdf/cl2-checklist_e.doc	<u>PHAC</u>
Import Condition Letter	Pulse Scientific	<u>PULSE</u>

NOTE: A copy of the "Laboratory Biosafety Guidelines (LBG) 3rd, 2004 can be obtained (free) by calling Lise Murphy 613-957-1779 or email to biosafety_biosecurite@phac-aspc.gc.ca

Contact at PHAC

Lise Murphy, Regulatory Technologist
Office of Laboratory Security, PHAC
100 Ch. Colonnade Road
AL: 6201A, Ottawa, Ontario K1A 0K9
Phone 613-957-1779
Fax 613-941-0596
Email: permitpermis@phac-aspc.gc.ca

PS: The Office of PHAC will send you a "Compliance Letter" upon approval of your company's Checklist. It is then your responsibility to fax a copy of this letter to Pulse Scientific Inc. at 905-333-0500.

Import Permit (PHAC) Conditions for Pulse Scientific Inc.

Dear Customer,

Pulse Scientific Inc. is an importer and distributor of Lyophilized Bacterial/Fungal Cultures produced by Microbiologics. In order to comply with the regulations imposed upon us by the Public Health Agency of Canada (PHAC), we need to inform you of these following conditions as required by PHAC.

Conditions:

1. Work involving any of the imported material shall be limited to **in vitro** laboratory studies.
2. Domestic animals, including poultry, cattle, sheep, swine and horses, **shall not** be directly or indirectly exposed to infection by any of the imported material.
3. All equipment, animal pens, cages, bedding, waste and other articles under the importer's control that come in direct or indirect contact with any of the imported material, **shall be sterilized** by autoclaving or incinerated.
4. No work on the imported material shall be done, except work conducted or directed by the importer in the facilities described in the application of this permit. **NO HUMAN PATHOGEN BELONGING TO RISK GROUP 3 OR 4 MAY BE REMOVED TO ANOTHER LOCATION, OR TRANSFERRED INTO THE POSSESSION OF A PERSON OTHER THAN THE IMPORTER, WITHOUT THE PERMISSION OF THE DIRECTOR.**

Your signature below will attest to the fact that you were informed in writing of the conditions stated on the Import Permit for Pulse Scientific Inc. and you will comply with these conditions (if applied to your facility).
